## Heal Your DNA™

# Yes, it is possible...

Cell Biology, Epigenetics, Brain Biology, Quantum Physics & Life Extension Science.

Current science tells us that our environment -- especially something I call our individuating "cellular intelligence" -- shapes our thoughts, our beliefs, our way of looking at the world. It even influences the person we choose to become.

Designed for the already successful, and all who seek Life Mastery, the HEAL YOUR DNA™ Saturday series & Sunday series are now open for Fall Registration.

**R.S.V.P. 207. 594. 7893 Oct 29 thru Nov 5**
